Hello,

Can you please explain the reason why on a RE registration we still have to go to the mainland for the registration and stickers? Is this only temporary till Rachel takes her class? Or is this the new normal?

Thank you

Hello,

This has been since the beginning of the year, stickers were not awarded to the town. Anyone who has had to reregister, has had to start the process in town with the excise tax, and then go to Ellsworth to finish it. The town is working towards gaining stickers back. If you would me to explain any further, you are more then welcome to come to the Select Board meeting on September 23rd.

Thank you,

Sarah,

Since you brought up my concerns I would like to know why you as a Selectboard member denied Brianna and Zac Ransom permission to register their vehicle last Wednesday on the mainland. With the absence of our excise tax collector this should of been handled in the same manner as a scheduled vacation. I've lived on this island for 9 years and when the excise tax collector is absent then we are able to go to Tremont or Ellsworth. You were called and you denied them permission to go to ellsworth or Tremont. Brianna then called the state and Wendy from DMV called you and you denied her permission to allow this to happen and you so rudely hung up on Wendy from DMV. WENDY then offered Brianna the option to go all the way over to Monson because this is where Daniel works. This all happened on Wednesday and Heidi had already been gone for a week. Then Thursday you left Brianna a voicemail stating she could go to Tremont unfortunately this VM did not go thru to Brianna till Friday and they were all back on island. Today Brianna asked who finally authorized her to be able to go to Tremont so she could thank them. Obviously once this discussion was taken up with others you were told to rescind your decision. I was sitting outside in my truck and I could clearly hear you yelling at Brianna. It was a simple question. Who told you to rescind your actions? So Brianna could thank them. We have your text message stating they will have to wait.

Being in your position as a Selectboard member you should treat all residents with respect if you want it in return and adhere to your statement that you are here to assist ALL the town residents.

Respectfully,

Kim Smith

Sarah,

My absolute biggest concern is Arlo, completely out of sight playing on the other side of the EMERA truck between the BB court and the truck. Then ran out in front of me. I did not see him behind the truck and thankfully I did see him and stopped and he stopped. This would be my biggest concern.

If any residents or non residents have an issue or concern about town matters you're all welcome to attend select board meetings. Town wide emails aren't the place to air petty grievances and mixing personal with town is unnecessary. The next meeting is Monday the 23 at 6 PM.

Thank you

Thank you Hodge. I agree whole heartedly but I don't feel a SB member should inconvenience a resident over their own petty grievances so it does need to be aired publicly and hopefully it won't happen again.

Thank you and have a wonderful evening.

The state has informed us that the select board acted 100% correctly and apologized for the actions of the BMV so I'm glad the select board made the correct decision.

Thank you

Then explain why it couldn't happen on Wednesday but then it was ok on Thursday? When Sarah was told by both Tremont and the State on Wednesday that it was ok but she still refused to allow it.....

It wasn't allowed then. The BMV employee was wrong in saying it could be done. Any further questions can be asked and answered at the select board meeting Monday.
