Assessor Meeting March 12th, 2020 Immediately Following the SB Meeting

- I. Approval of Minutes- There were no minutes for approval
- II. Old Business- Nothing new from Old business
- III. New Business
 - a. Wolfgang- The Wolfgang family has paid their back taxes excluding interest as they do not believe they should pay due to bill address issues. S. Brake has explained to the family that it is the responsibility of the owner if a bill does not come to contact the town, therefore they will need to pay the interest.
 - b. Stephen Davis- Mr. Davis has finally contacted the town about his back taxes. He spoke with Daniel our tax collector. He claimed he thought the property was in escrow, that he would like an abatement due to the condition of the house, and what it is being assessed for. Daniel let him know it is within his right to submit an abatement for the board to review. He requested a payment plan, and the board has declined to do as he has been informed on his back taxes for multiple years with no response.
